

How to register with the Transport and Major Infrastructure Portfolio

If you are an Aboriginal business owner, registering your business is a great way to raise the profile of your business and ensure companies and government departments are aware of the products and services you offer.

National and State registers

The two registers used by the Transport Portfolio Aboriginal Engagement (TPAE) branch and its contractors are Supply Nation and the Aboriginal Business Directory Western Australia (ABDWA).

Supply Nation works to connect verified Indigenous businesses with paid corporate, government and not-for-profit members in every State and Territory of Australia. Department of Transport and Major Infrastructure, Public Transport Authority and Main Roads are Supply Nation members.

Managed by the Chamber of Commerce and Industry WA, ABDWA is a service which brings together Aboriginal businesses operating in Western Australia with potential buyers.

Transport Portfolio Aboriginal Business Connect

TPAE manages a centralised database, called Aboriginal Business Connect (formerly known as Aboriginal Business Directory or ABD), made up of Aboriginal businesses including Supply Nation registered businesses.

Supply Nation regularly provides the latest list of Aboriginal businesses – so if you're registered with Supply Nation, you will be in the database.

If you aren't registered with Supply Nation and would like to be included in our database, please contact TPAE by emailing AboriginalBusinessConnect@mainroads.wa.gov.au and someone will be in touch with you to discuss the next steps.
