

# Western Australian Statewide Maintenance Dredging Works

## Safe Navigation near Dredge Vessels

To safely interact with a dredging vessel.

- **Pass on the side showing two diamonds** during the day
- **Pass on the side showing two green lights** at night
- Pass at 4 knots or less
- Pass close and to the side of the dredge
- Never approach within 100 metres directly astern (rear) of the dredge
- Be aware of the dredge pipeline to the stern marked by buoys and lights.
- Be aware the pipeline may move while above and below the waterline.

If unsure what to do, contact the dredge on VHF Radio Channel 14.

For specific information about view Temporary Notices to Mariners at [www.transport.wa.gov.au/TNTM](http://www.transport.wa.gov.au/TNTM) or use Deckee.

For more information about dredging in the area email [dredging@transport.wa.gov.au](mailto:dredging@transport.wa.gov.au).
