

Perth to Midland bike route

Exploring Perth's Eastern suburbs

TRAVELLING BY BIKE:

Riding a bicycle is becoming increasingly popular in Western Australia. In addition to reducing traffic congestion on our roads, cycling also improves health and fitness and is a fun and inexpensive way to get around.

This map shows various routes you can ride along to get to your destination. It will also help you gauge how long it will take to travel a particular distance, with most people able to cover 10km in 30-40 minutes.

TRAVEL TIPS:

- Plan your journey and know your route.
- Always wear a helmet.
- Make yourself visible to other road users.
- Lock your bike up where you feel it is safe.
- Take a bottle of water with you.

SHARED PATH SAFETY TIPS:

- Always give way to pedestrians.
- Ride slowly around other path users.
- Travel in single file.
- Keep left unless overtaking.
- Ring your bell to alert path users of your approach.
- Provide adequate space when passing.

HAND SIGNALS:
