The *Road Traffic (Towing of Vehicles) Regulations 2020* requires approved signs to be displayed before a vehicle can be towed from a private property. Where towing is to be used as a parking control measure, the owner-occupier of the private property must install approved signage. For further information, refer to the Private Property Parking Signage Guidelines, available at www.transport.wa.gov.au/privateparking

Once completed, email form to privateparking@transport.wa.gov.au along with any supporting evidence.
