Logue Brook Dam

Marine Safety

December 2024

SAFETY EQUIPMENT REQUIREMENTS

		REGISTRABLE VESSELS Including sailing vessels that are or can be propelled by mechanical power.	
		PROTECTED WATERS Includes rivers, lakes, estuaries, harbours and waters within 400 metres from the shore in unprotected waters but excludes Cambridge Gulf and Lake Argyle.	UNPROTECTED WATERS Beyond 400 metres from the shore.
	Recreational Skipper's Ticket The skipper of a recreational vessel, powered by a motor greater than 6 horsepower must hold an RST.	✓	✓
	Lifejacket Carriage A lifejacket, as indicated in the table opposite, must be carried for every person on board.	✓	✓
	Vessels smaller than 4.8m	Minimum Level 100 MUST BE CARRIED	Minimum Level 100 MUST BE WORN
	Lifejacket Wearing As indicated in the table opposite.	✓	✓
	Vessels 4.8m and larger	Minimum Level 100 MUST BE CARRIED	Minimum Level 100 MUST BE CARRIED
	Lifejacket Wearing As indicated in the table opposite.	✓	✓
	Children older than one and younger than 12	Minimum Level 100 MUST BE CARRIED	Minimum Level 100 MUST BE WORN
	Personal Water Craft	✓	✓
		Minimum Level 50S MUST BE WORN	Minimum Level 50S MUST BE WORN
	Distress Beacon (in-date) A GPS enabled 406 MHz EPIRB	RECOMMENDED	✓
	OR if worn by at least one person, a GPS enabled PLB. Distress beacons must be in-date and registered with AMSA.		
	Red and Orange Flares (in-date) At least two hand held red flares and two hand held orange flares must be carried.	RECOMMENDED	✓
	OR Electronic Visual Distress Signals (EVDS) An electronic signalling device may be carried in lieu of flares IF a GPS enabled EPIRB or PLB (must be worn) is also carried.		
	Marine Radio A VHF or HF marine radio on any Registrable Vessel when operating more than 4 nautical miles from shore in unprotected waters.	RECOMMENDED	REQUIRED beyond 4 nautical miles
			RECOMMENDED within 4 nautical miles
	Recommended Additional Safety Equipment It is recommended an anchor and line, a fire extinguisher and a means of removing water be carried.	RECOMMENDED	RECOMMENDED

Water skiing rules and regulations

Water skiing involves being towed over water at a speed of 8 knots or more by a motor boat supported on the surface by a ski or skis, an aquaplane or other apparatus, or your feet.

It takes at least three people to go water skiing:

The skipper

To be the skipper of a vessel, with a motor over 6 hp, engaged in water skiing you:

- must hold an Recreational Skipper's Ticket (RST), or be supervised by an RST holder who is at least 18 years of age; and
- must be at least 17 years of age.

The skipper is responsible for abiding by the rules and regulations and for the safety of the vessel, passengers and skiers.

Vessels taking off with skiers always give way to vessels landing a skier.

The observer

As the observer you:

- must be at least 14 years of age;
- have the prime responsibility of observing the towed skiers and reporting all matters affecting them to the skipper;
- alert the skipper about other vessels approaching from behind; and
- should be familiar with the standard hand signals.

The skier

Skiers can be any age. It is recommended they wear an approved Level 50 or 50s lifejacket while skiing.

Distance behind a skier

You must not drive any closer than 50 metres behind a skier or any other boat.

Logue Brook Dam restrictions and closures

Water levels

Water skiing activities are to be conducted between the hours of sunrise to sunset, in an anticlockwise direction and within the designated area shown.

Water skiing is only permitted in the **Level 1** Water Ski Area when the water level is equal to or higher than 216 metres Australian Height Datum (AHD).

The **Level 2** Water Ski Area will become operational when the water level reaches 221 metres AHD.

The **Level 3** Water Ski Area will become operational when the water level reaches 226 metres AHD.

Yellow buoys will mark the limit of the Water Ski Area.

For current information about closures, visit our website: www.transport.wa.gov.au/waterski

Water skiing is not permitted within 50 metres of the foreshore except when taking off and landing.

Water ski take-off and landing areas may contain hazards such as tree stumps, branches and rocks. Please use extreme caution.

5 knot speed restriction

All waters are restricted to 5 knots except within the designated water ski area during the hours of sunrise to sunset after which the ski areas revert back to 5 knots.

Closed waters

All waters within 200 metres of the dam wall are closed to all vessels including sail and paddle craft at all times.

Personal water craft

Personal water craft (PWC) freestyle driving, wave jumping and surfing are prohibited on these dams at all times.

Freestyling is operating a PWC in a way that the skipper of another vessel would be unable to predict its course or speed in order to avoid a collision, this includes doughnuts, 180 degree turns, hops and jumps.

Wave and wake jumping is driving a PWC over a wave or swell with the aim of becoming airborne. The wave or the swell may be formed naturally or by the passage of a vessel.

Ski signals

Waiting to take-off with a skier

Driver's signal

When waiting for a safe opportunity to take-off with a skier, the skipper should signal to vessels in the area that they do not intend to move until it's clear. This is indicated by holding both hands in the air showing that they are not on the boat's controls.

Dropping off a skier

Driver's signal

When returning a skier to the shore the driver should indicate this by the raising and lowering of a hand above the head.

Skier down

Observer's signal

The observer only should hold one arm straight up in the air to indicate to other vessels that the skier has fallen off and is in the water.

Vessels seeing this signal should keep a good lookout for the skier in the water.

Skier down and is OK

Skier's signal

A fallen skier who has sustained no injuries should indicate that they are OK by raising both arms into the air. If the observer does not see this signal, they should inform the skipper to return to the skier as quickly and safely as possible.

Lifejackets

Skippers must CARRY a lifejacket (Level 100) for everyone on board when they are on any WA waterway. Compulsory wearing of a lifejacket (Level 100) occurs when more than 400 metres from the shore in unprotected waters for children aged between one and 12 years and for everyone on board when the vessel is less than 4.8 metres.

Every person on board a PWC must wear a lifejacket (level 50s) at all times, from launching until retrieval.

Logue Brook Dam Lake Brockman

Legend

- Level 1 water ski area - 216m to 221m AHD
- Level 2 water ski area - 221m to 226m AHD
- Level 3 water ski area - above 226m AHD
- Water ski limit buoy
- 5 knot speed restriction
- Closed waters to all vessels
- Swimming prohibited
- Over beach launching, parking
- Campground, no camping
- Day use area, rubbish bins
- Public toilets, information bay

Fresh water fishing licences are required.
Please remember - Fish for the future

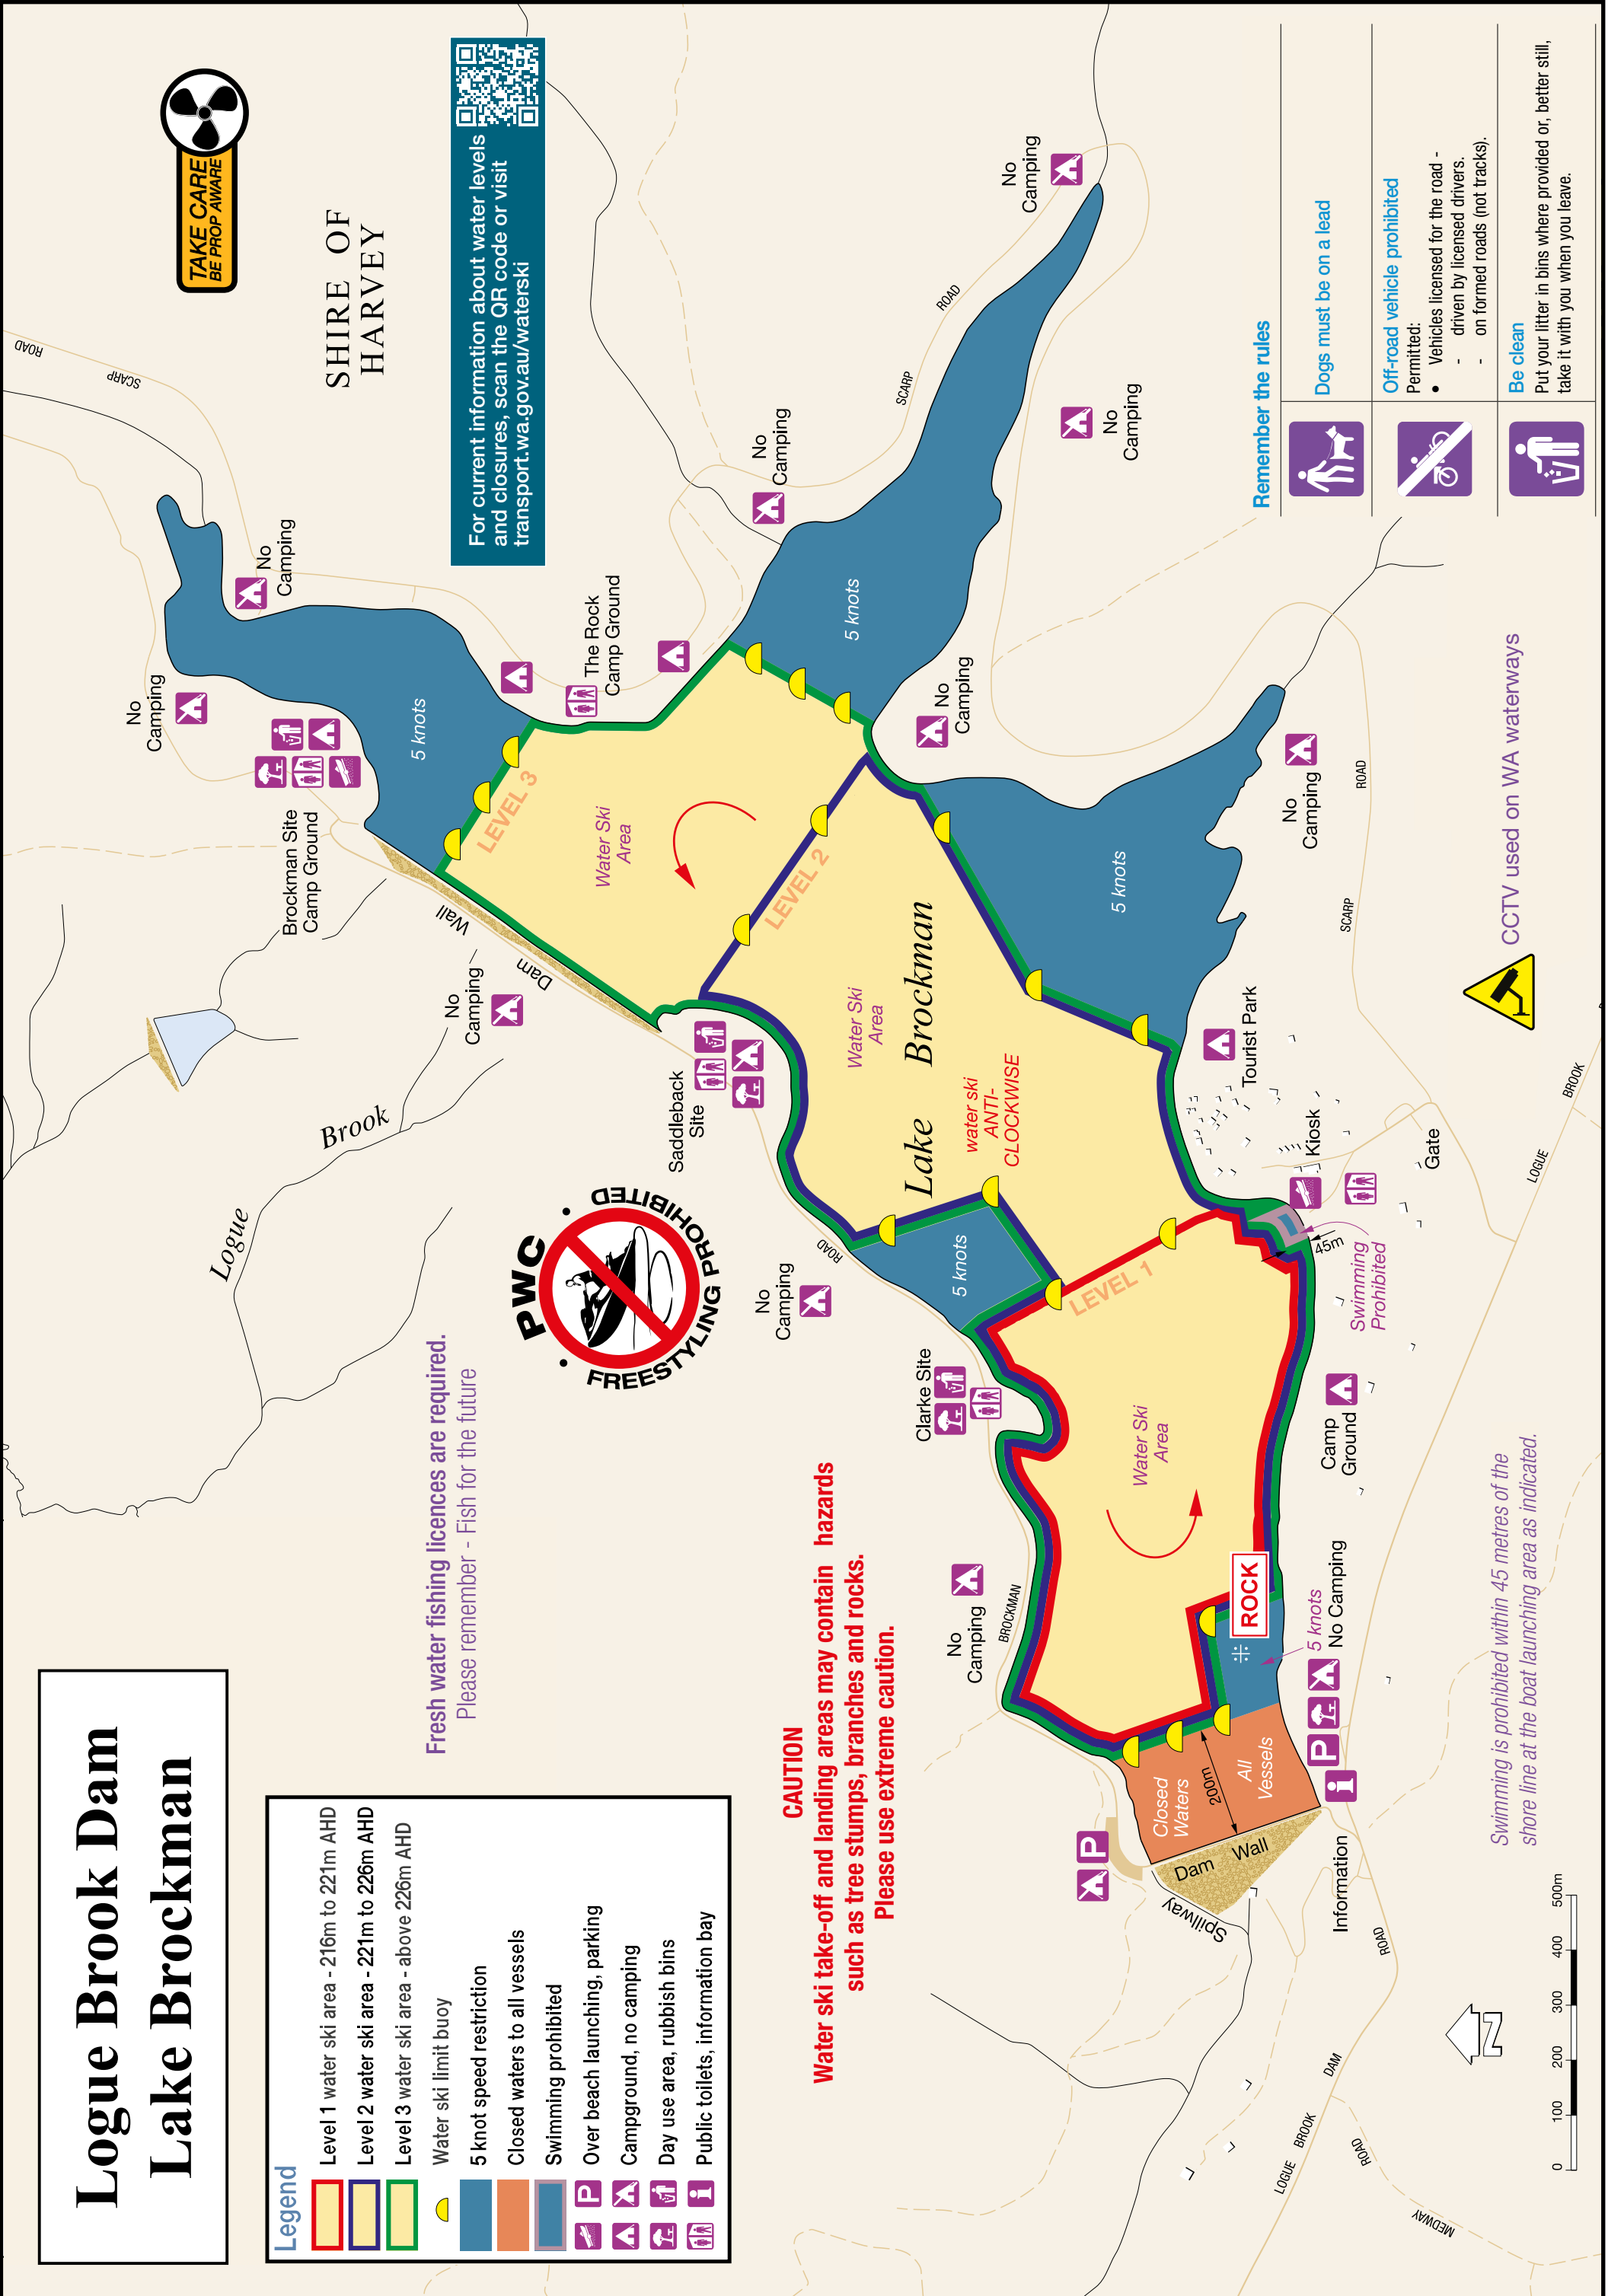

CAUTION
Water ski take-off and landing areas may contain hazards
such as tree stumps, branches and rocks.
Please use extreme caution.

SHIRE OF HARVEY

For current information about water levels and closures, scan the QR code or visit transport.wa.gov.au/waterski

Remember the rules

	Dogs must be on a lead
	Off-road vehicle prohibited
	Be clean Put your litter in bins where provided or, better still, take it with you when you leave.

CCTV used on WA waterways

Swimming is prohibited within 45 metres of the shore line at the boat launching area as indicated.
