Changes

- 1 Redefine the 5 and 8 knot speed restricted areas to safely accommodate the new Casuarina Boat Harbour northern breakwater.
- 2 Reduce the size of water ski area to improve safety for skiers and those transiting the harbour entrance.
- 3 Replace two closed waters 'all vessels' areas with a single closed waters 'motorised vessels' area, reopening the old closure areas to all non-motorised craft while also providing swimmer safety.
- 4 Install new navigational aids at the Casuarina Boat Harbour northern breakwater entrance.
- 5 Formalise the closed waters to motorised vessels area within the Casuarina Boat Harbour at Jetty Baths to enhance swimmer safety.
