

## On-demand Transport Fact Sheet

# On-demand Passenger Transport Levy Electric Vehicles

The On-demand Passenger Transport Levy (the Levy) does not apply to journeys undertaken in electric vehicles that are propelled wholly by electricity.

### Electric vehicles

Electric vehicles are defined as vehicles wholly propelled by electricity, which include:

- battery electric vehicles; and
- fuel cell electric vehicles.

### Eligible vehicles

Only vehicles that are wholly propelled by electricity are eligible. Vehicles propelled by dual propulsion systems which combine petrol and electricity are not eligible vehicles.

### On-Demand Booking Service authorisation

All On-demand Booking Service providers who operate for hire or reward are required to be authorised. This includes service providers that utilise wholly electric vehicles.

### Levy reporting for wholly electric vehicles

Authorised On-demand Booking Service providers with wholly electric vehicles within their fleet are required to lodge levy returns.

Providers whose entire fleet consists of wholly electric vehicles are not required to register for the Levy.

### Further information

Further information on the Levy is available on the [DoT website](#) or by contacting On-demand Transport on 1300 660 147 or email [ondemandtransport@transport.wa.gov.au](mailto:ondemandtransport@transport.wa.gov.au).
