**DUTIABLE VALUE**

The term "dutiable value" is defined by the *Duties Act 2008*.

The following interpretation is provided as a guide only.

**CERTAIN NEW VEHICLES**

For new vehicles of a class prescribed in the *Duties Regulations 2008* with a price fixed by the manufacturer, importer or principal distributor as the retail selling price in Western Australia of that make and model, the dutiable value will be:

- the price fixed; and
- for each optional feature in or of the vehicle - the additional amount fixed by the manufacturer, importer or principle distributor for the retail sale in Western Australia of the optional feature. The price of other features or accessories that are not optional as defined (including, but not limited to, window tinting, DVD player, sound system speakers, mag wheels, paint, fabric and rust protection and rear spoilers) should not be added.

**WARNING:** The *Duties Act 2008* requires the purchaser to make a declaration as to the purchase price and estimated dutiable value of a vehicle. Failure to comply with the requirement is an offence for which a maximum penalty of \$20,000 is payable.
